

## 2ND ANNUAL MEETING OF THE WESTERN STATES HEALTH CARE PROFESSIONALS

This group is dedicated to bringing together doctorate level health care professionals who are committed to walking the path of recovery. It is a walk best shared with others. We convene annually in the western region of the United States for education and fellowship.

We offer information, resources and encouragement. Our second annual meeting is designed to educate and inspire all who attend. Since addiction is a family disease, we encourage participants to include their spouse or partner, and adult children. The way of recovery is not an easy path, but it is a deeply rewarding one. Join us to learn about the newest trends in addiction medicine, to hear stories told by some of our prominent successes and meet with professional colleagues in recovery.

Our theme for the AA portion of the conference is The Promises of Recovery - A Scientific Look from Personal Perspectives. There will also be Al-Anon meetings and a panel discussing The Importance of Family Recovery.

Presenters include: Gregory Skipper, MD, John McAndrew, MA, Mdiv, Mel Pohl, MD, Karen Miotto, MD, Johanna O'Flaherty, PhD, Tracy Zemansky, PhD, and Terry Eagan, MD.

CME CREDIT: Up to 5.25 AMA PRA Category 1 Credits™ .

Testimonials are anonymous for obvious reasons, here are a few:

*“Up to date and compelling. The audience was very engaged.”*

*“Perfect size: informal and intimate atmosphere.”*

*“This was the best meeting of this type I have attended.”*
